

PARTICIPANT INFORMATION BY INSTITUTION

Institution Name (Acronym)	Institute of Electronics, Bulgarian Academy of Sciences (IE-BAS)
Country	Bulgaria
Researchers involved (please, indicate university department or research group affiliation where appropriate) (* contact person)	Liudmil Antonov*, Department of Biophotonics Daniela Nedeltcheva-Antonova, Department of Biophotonics Ivan Angelov, Department of Biophotonics Vera Deneva, Department of Biophotonics
Contact email	Liudmil.antonov@gmail.com
Main Research topics	Functional organic materials Non-destructive analysis Molecular spectroscopy (UV-Vis absorption/emission, IR, Raman, NMR) Chromatography
Main Equipment and Facilities	Variety of benchtop and portable spectral instruments (UV-Vis-NIR spectrophotometers, FT-NIR, FT-IR, fluorimeters, Raman) Oxford instruments low temperature setup High-end computational workstations Access to NMR and chromatography facilities
Other relevant information
