

## PARTICIPANT INFORMATION BY INSTITUTION

<b>Institution Name</b> (Acronym)	UNIVERSITY OF GRANADA UGR
<b>Country</b>	SPAIN
<b>Researchers involved</b> ( <i>please, indicate university department or research group affiliation where appropriate</i> ) (* contact person)	<ol style="list-style-type: none"> <li>1. ANA MARÍA JIMÉNEZ CARVELO* (Department of Analytical Chemistry, Faculty of Science)</li> <li>2. LUIS CUADROS RODRÍGUEZ (Department of Analytical Chemistry, Faculty of Science)</li> <li>3. ALEJANDRA ARROYO CERREZO (Department of Analytical Chemistry, Faculty of Science)</li> </ol>
<b>Contact email</b>	amariajc@ugr.es
<b>Main Research topics</b>	<p>Olive oil</p> <p>Food Quality</p> <p>Food Authentication</p> <p>Chemometrics</p> <p>Fingerprinting</p> <p>Spatially offset Raman spectroscopy (SORS)</p> <p>Chromatography</p>
<b>Main Equipment and Facilities</b>	<p>Three fully equipped research laboratories: one for sampling, one for sample preparation and two for instrumental equipment.</p> <p><i>Instrumentation in tune with the COST Action:</i></p> <ul style="list-style-type: none"> <li>- Portable spectrometer for SORS measurements</li> <li>- UV/Vis molecular absorption spectrophotometer</li> </ul>
<b>Other relevant information</b>	<p>(1) A benchtop Low-Field NMR spectrometer (100 MHz) will soon be available in the laboratories</p> <p>(2) Chromatographic equipment (LC and GC) is also available in the laboratories</p>
